

THE WINSTON SCHOOL

The Winston School's Activity Program

Winston's students have many abilities and interests to discover and develop during their time in school, including those that reach beyond their academic experience.

This fall, Winston has designed an activity program to allow students more opportunities to explore their interests through clubs and extracurricular activities. Social skills and motivation will be enhanced, and the program helps to build community by bringing students together across age groups and with staff members they might not otherwise interact with in a given week. More importantly we hope to plant the seeds of future hobbies or academic or professional goals while also making the experience of schooling more fun.

All students are expected to participate in activities and students are graded on a pass-fail basis for effort and participation.

The following 24 activities were offered during the first marking term. We expect to allow students to elect different activities (including some brand new offerings) at the beginning of each of the six marking periods.

2-Day activities (Thursday-Friday) 1-Day activities (Tuesday)

Intramural Sports
Community Service Club
Drama Club
Role Play Games Club
Movie Making Club
Chess Club
Debate Club
Walking Club
Crafts Club
